

Yolo Bypass Fishery Enhancement Planning Team

Meeting Trajectory – DRAFT

Last revised June 29, 2011

Meeting #	Topics	Objectives	Tentative Dates
Meeting 1	Introductory <ul style="list-style-type: none"> ▪ Review charge/work plan ▪ Review CM2 ▪ Fish Technical Team ▪ Permitting 	A shared understanding of the group's purpose and approach, and current status of the conservation measure and its purpose.	6/10 (done)
Informational WebEx 1	<ul style="list-style-type: none"> ▪ Background on Yolo Bypass in BDCP ▪ Examples of other similar conservation measures from other HCP/NCCPs ▪ Background on fish distribution in Bypass 	A shared understanding of information that will be helpful in providing context relevant to conservation planning and to the Yolo Bypass.	6/24 (done)
Informational WebEx 2	Current uses, practices, BMPs in the Bypass related to: <ol style="list-style-type: none"> 1. Yolo Basin Foundation 2. Yolo Bypass Wildlife Area 3. Central Valley Joint Venture 4. Mosquito/Vector Control 5. Flood Protection 6. Agriculture 	A shared awareness and understanding of the current uses, practices, and BMPs in the Bypass that will be helpful in future discussions about developing Conservation Measure 2.	6/28 (done)
Meeting 2	<ul style="list-style-type: none"> ▪ Overview of initial strategy for issues raised at Meeting 1 (this document) ▪ FTT presentation ▪ Overview of land management ▪ Presentation on modeling ▪ First impressions of conflicts/opportunities 	A shared vision for the approach to be taken by the group to accomplish its objective; a shared understanding of fish presence in Sacramento River and information about current modeling results; and an airing of preliminary discussion points relevant to developing CM2.	6/30
Meeting 3	<ul style="list-style-type: none"> ▪ Regulatory framework ▪ Short presentations on potential pilot projects and new ideas ▪ Discuss opportunities for improvements to other bypass uses ▪ Discuss ideas to address potential impacts to flood protection, agricultural and terrestrial land uses, operation of the wildlife area and others 	Awareness of the regulatory framework guiding development of CM2; develop a shared awareness and understanding of how BDCP is approaching cost, governance and other issues. Discussion and ideas related to CM 2-related pilot projects in the Bypass; discussion about potential improvements to other uses; discussion of tools or actions that could be used to address potential impacts.	7/8

<p>Meeting 4</p>	<ul style="list-style-type: none"> ▪ Presentation from FTT ▪ Presentation of other concise descriptions of Yolo Bypass land management timing ▪ Discuss ways that targets related to inundation, timing, duration, location, footprint could be met using ideas from Meeting 3 and any others 	<p>Presentation from FTT; discussion of framework for revised CM2 including sequencing of restoration actions into early actions and later actions, adaptive management considerations, and future planning needs for restoration design and implementation; begin to develop a recommendation, or several different recommendations, on development of CM2, including areas of agreement and disagreement and discuss ideas to address potential impacts to flood protection, agricultural and terrestrial land uses, operation of the wildlife area, and others; identification of potential options outside of CM2 to address non-aquatic restoration issues.</p>	<p>7/22</p>
<p>Meeting 5</p>	<ul style="list-style-type: none"> ▪ Recommendations for CM2 - Areas of agreement & areas of disagreement to forward to Jerry Meral ▪ Draft Conservation Measure 2 recommendations ▪ Checklist of how cost, governance and other issues are to be addressed 	<p>Continue to develop a recommendation, or several different recommendations, on how to finalize development of CM2, including areas of agreement and disagreement; develop a shared awareness and understanding of how BDCP is approaching cost, governance and other issues. Continue identification of potential agreements outside of CM2 to address non-aquatic restoration issues</p>	<p>8/5</p>
<p>Meeting 6</p>	<ul style="list-style-type: none"> ▪ YBFE Plan Organization/Launch ▪ Begin focus on YBFEP Workplan outline 	<p>A shared vision for how to approach development of the YBFEP.</p>	<p>8/26</p>
