October 1, 2013

The Honorable Jerry Brown  
California Governor  
State Capitol, Suite 1173  
Sacramento, CA 95814

Dear Governor Brown:

We wish to take this opportunity to applaud you on your efforts to deal effectively with our state's water challenges. Namely, in your attempt to bring more water to Southern California through the Bay Delta Conservation Plan (BDCP).

The proposed twin tunnel system will protect water supplies should there be a major seismic event, and new intakes in the northern Delta will reduce conflicts with fish species. The BDCP will also ensure a reliable water supply for years to come.

Please know that we very much appreciate the steps you are taking to make sure the Bay Delta Conservation Plan moves forward, and for your continued vital leadership regarding this important issue.

Respectfully yours,

Gary Olson  
President-CEO
