If you are worried about LA being a city of 15- or 30 million people stopping water to the M.C.O. Metropolitan Water District of Southern CA, if they have no water they will not come. The people that is.

Real Estate is important in the Northern part of the state. We can’t cover the top half of the state with water storage so people can live in the Southern Desert. Southern CA, Sought be storing there run off water or stop having so many swimming pools. Last resort plants my be the answer.

Please submit your comments at station 6 at this scoping meeting, or fold this form in half, seal with tape and mail to:
