☐ Yes, I would like to be added to your e-mail list.

Your input on the BDCP EIR/EIS is greatly appreciated. Please write your comments below, including comments on the extent of the action, range of alternatives, methodologies for impact analysis, types of impacts to evaluate, and possible mitigation concepts. Comments will be accepted until close of business on May 14, 2009.

Is it true that no one knows if your proposed project will meet its objectives and that not all aspects of the conservation of threatened and endangered fish species in the Delta have been studied adequately? What experiments have been conducted that show this project to be beneficial to Delta Smelt, Sacramento Splittail, Longfin Smelt, Chinook Salmon, Steelhead, Green Sturgeon, and White Sturgeon?

Adequate experiments and studies need to be conducted to provide assurance that the conservation objectives of the BDCP with regard to threatened and endangered fish species will be obtained.

Please submit your comments at station 6 at this scoping meeting, or fold this form in half, seal with tape and mail to:
Ms. Delores Brown, Chief, Office of Environmental Compliance, Department of Water Resources, P.O. Box 942836, Sacramento, CA 94236.
You may also e-mail your comments to BDCPcomments@water.ca.gov. Comments must be received by May 14, 2009.
