Appendix 16B

Community Characterization Photographs

Section 16.1.1.1, Statutory Delta, provides an overview of characteristics for those communities in the Delta that could be directly or indirectly affected by implementation of the BDCP alternatives. This appendix provides representative photographs of community features within the five counties. No cities or communities are located in the portion of Alameda County in the Delta that would be directly or indirectly affected by the project; therefore, the following photographs do not include cities or communities in Alameda County.

Figure 16B-1. Campanil Theater in Downtown Antioch
