**Subject:** Stop the California WaterFix - Review Alternatives That Will Protect the Delta

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta.

P.S. This 'tunnels' plan is a terrible idea. just the worst. It is , in fact, amazing to me how many bad ideas people can dream up to make a situation worse.

Sincerely,

Silton

**Subject:** Stop the California WaterFix - Review Alternatives That Will Protect the Delta

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

Southern California needs to find a fix it plan that does not degrade the Northern California environment and resources. We do not need further irreversible problems created in other parts of the state.

The California WaterFix will lead to the destruction of the Delta.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta.

Sincerely,

Kennedy

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta.

Fresh water is a limited resource and the economies based on limitless water availability must restructure themselves now. Please do not force northern California to pay for the short-sightedness of southern California communities and their leaders.

Sincerely,

Knott
