Subject: Stop the California WaterFix - Review Alternatives That Will Protect the Delta

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta.

Less water, not more, should be taken from the delta. One river system in California has already be destroyed by excessive water deliveries to farmers who have little incentive to conserve.

Don Vasco

Sincerely,

Vasco

Subject: Stop the California WaterFix - Review Alternatives That Will Protect the Delta

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta.

The DELTA is already a stressed ecosystem.

The BDCP makes no sense, all studies show there is not enough water to support the tunnels project.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta.

Sincerely,

King

Subject: Stop the California WaterFix - Review Alternatives That Will Protect the Delta

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta. This is not the first, but I hope it will be the last, proposal that hopes to sacrifice Northern California for Southern California commercial interests.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta.

Sincerely,

Guma

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta. This "Fix" will not solve California's water problems, it will damage the environment and further erode nature's ability to self-regulate and sustain many species, including our own.

Thank you for your consideration.

Sincerely,

Swallow
