**Subject:** Stop the California WaterFix - Review Alternatives That Will Protect the Delta

Dear BDCP/California WaterFix Comments,

Dear Resources Agency,

The California WaterFix will lead to the destruction of the Delta and will not add one drop of water to California while increasing the number of people able to use the water.

Your DEIR/DEIS is flawed because it does not take into account ways to reduce the dependence on the Delta by increasing water independence locally.

Please stop the California WaterFix, and review more alternatives that will actually protect the Delta.

Sincerely,

Nieman
